All,

To keep things moving - I have started formulating responses to the USACE comments to the IB SOW and Settlement Agreement.

Please find attached an excel spreadsheet with the USACE comments and my initial responses and notes. We will need to discuss a few comments internally and also compare these to input from others (MDNR -pending) on the IB SOW.

I will plan to set up a call or meeting early next week to discuss once we get all the inputs.

Thanks,

Justin
